# A SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with healing balsam, the idea would have been ridiculed, and it remained for the eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure. In Janesville there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you Peoples Drug Co. or King's Pharmacy will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to their faith in the remedy.

## OLD AND NEW WAY

Hyomei the Latest Scientific Discovery for the Cure of Catarrh.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were nauseating drugs and worthless tonics. In some instances they benefited, but the improvement was not lasting.

With Hyomei you take into the air passages of the throat and head a balsamic air that goes to the minutest cells, effectually killing all germs and microbes of catarrh. It enters the blood with the oxygen, killing the germs in the blood, and restores health to the whole system. Many astonishing testimonials have been received from those who have been cured by Hyomei.

A complete outfit costs but \$1.00.

and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that the People's Drug Co. and King's Pharmacy have so much faith in Hyomei that they sell every package under a positive guarantee to refund the money if it does not cure.

Now is the time to begin the use of Hyomei.

## CATARRH CURED MINUS DRUGS

Hyomei Medicates the Air You Breathe. Kills the Germs and Cures the Disease.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause, and makes permanent cures which can be affected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have cured you.

The Hyomei breathed through the neat pocket inhaler furnished with each outfit mingles with the air you breathe. It is a local and direct treatment for oradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

The complete Hyomei outfit costs \$1.00 and comprises an Inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

Stronger than any claim that can be made in an advertisement, is the fact that the People's Drug Co. and King's Pharmacy will give their personal guarantee with every Hyomei outfit they sell to refund the money if the purchaser can say that Hyomei has not given satisfaction.

## NEGRO BARELY ESCAPES A MOB

### CROWD TRIES TO LYNCH HIM

Culprit in Endeavoring to Escape Shoots Two Policemen and Angers His Pursuers, Who Are Restrained From Inflicting the Death Penalty.

Washington, Nov. 14.—Charles Smith, a negro desperado, narrowly escaped lynching Friday night within the shadows of the White House, and a race riot was barely averted within the hearing of President Roosevelt. Smith held up the cashier of a lunchroom near the treasury department at the point of a revolver and robbed him of \$28, and, when pursued by a crowd and several policemen, he shot two officers.

### Negroes Are Beaten.

A mob of 500 angry citizens gathered and unmercifully beat the negro, and demanded that he be lynched. Some of the negroes in the mob protested against the treatment of Smith, and were promptly beaten.

For a few moments the national capital was in grave danger of being disgraced by a lynching and a race riot. There was no organized effort, however, to lynch the negro, who was locked up and his injuries treated.

Smith was employed as a dish washer in the treasury cafe, 1409 G street, but was discharged last Wednesday. Friday night he appeared at the cafe armed with a revolver and carrying a mask. Placing the mask upon his face, he entered the place and demanded money of the cashier, who was counting the receipts of the day.

As Smith left the cashier started in pursuit. He was joined by other citizens and the crossing policemen, G. W. Osburn and C. M. Edwards.

### Shoots Two Policemen.

Frank O. Parker, a bystander, outran the police and was close upon the heels of the negro, who suddenly turned and fired at him. The bullet missed Parker, but struck Osburn in the thigh. He fell to the ground with a groan, but Parker, Policeman Edwards and a number of citizens continued in the pursuit, and Smith ran into an alley. As he entered he turned and fired again. This time the bullet struck Policeman Edwards in the breast. Edwards' life probably was saved by the bullet striking a bundle of papers in his coat pocket.

### Prisoner Is Clubbed.

Other police then appeared on the scene, and Smith fired again, but this time the bullet went into the air, as those who were attempting to disarm him pushed his hand upward. The police disarmed Smith and in doing so administered a severe clubbing. A number of angry citizens also joined in the assault upon the negro.

There were cries of "lynch him." The situation was critical, and the three policemen, realizing a lynching was imminent, surrounded the negro and rescued him from the mob, escorted him to the patrol box, and summoned a patrol wagon.

## Bright's Disease and Diabetes News

Office Wine and Spirit Review, San Francisco, Nov. 3.

To the Editor of the Gazette:  
Dear Sir:—The business men of this city who are now proclaiming to the world the discovery of the cure for Bright's disease and Diabetes have asked me as one of the beneficiaries to write to some of my brother editors. Hence this letter to you. I was at first skeptical as anyone, I had reason to be. I had a clear case of chronic Bright's Disease; was ill for a year. It was not thought I would live thirty days. The President of the Pacific States Type Foundry told my wife that the newly discovered diuretic would save my life, and against my private convictions I was put on it. In six months my recovery was complete.

A friend of mine, Dr. A. J. Howe, a prominent physician, was nearly dead with Bright's Disease. On my recovery I told him and it acted the same in his case and he is now well on the road to recovery. I told one of the writers on the Call, whose mother had Diabetes. She has fully recovered. As a brother editor I personally assure you of the truth of the discovery. Thousands of lives are to be saved and I am writing in the hope that this letter will start some of them right.

Fraternally yours,  
R. M. WOOD, Editor.

## DECISION BARS MANY CHINESE

Any Man Working in His Own Establishment Not a Manufacturer.

San Francisco, Nov. 14.—The United States commissioner has handed down a decision in the case of Lin Lung Wong, a Chinese merchant, who acted as foreman in his own fruit packing establishment, to the effect that a Chinese manufacturer who engages in any manual labor about his factory, even for the purpose of instructing his employees, is a laborer under the meaning of the exclusion act, and as such is not entitled to enter or remain in the country as a merchant. This opinion, if adopted by the Chinese bureau, will lead to the deportation of a large number of Chinese proprietors of cigar factories, clothing shops, broom factories and other establishments.

Former Rock County Boy Meets Fearful Fate in Waters of Minnesota Lake.

Screaming frantically for help and with their feet sinking inch by inch in the yielding ooze, Henry Klein of Minneapolis and Frank Gray of Minneapolis, formerly of Jansville and who will be remembered here, were drowned in Ned's lake, near Bethel, Anoka county, Tuesday. Their bodies were recovered with difficulty Wednesday. The two were hunting ducks from a boat. The craft capsized and the two were thrown into the water. The lake was only three feet deep at this point but the mud and slime on the bottom was so deep that it was impossible for them to escape and the more they struggled to get out, the deeper they sank. When found the bodies were in a standing position and their heads were about six inches below the surface of the water. Their cries were heard by nearby residents, who searched but failed to find the unfortunate in time.

Gray was twenty-five years old and made his living in Minneapolis as a plasterer. For some time he had been a substitute in the fire department. His companion was twenty-six years old, an upholsterer, and was employed by McLeod and Smith's furniture factory in the Twin Cities.

## GREATEST SALE EVER RECORDED

THE MAYNARD SHOE STORE IS  
CROWDED.

### TWENTY CLERKS AT WORK

Mr. Stevens Says Advertising Brought  
the Throng—Bargains in Shoes  
Go Quickly.

"Does advertising pay?" said Mr. G. F. Stevens at the Maynard shoe sale this morning. "Does it pay? Can you honestly look at this crowd and ask that question? Why, long before the doors were unlocked this morning; in fact, when the first clerk came to work there were people waiting to get into the store and begin their buying. Farmers from Emerald Grove, even from Evansville way and Milton were here. They saw our advertisement of the sale and came to take advantage of it. Twice I have had to close the doors and keep more people from coming in until those in the store could be fitted.

Still Coming  
"Nor was the first rush all; it has kept up a steady stream all the morning and the twenty clerks I thought would do the business with ease have been swamped with work. Twice I have asked purchasers if they wanted to work and have put them selling shoes. I never saw such a crowd. There must be two hundred people in the store now." While he was talking Mr. Stevens was busy directing this one to that part of the store and that one to the other side in answer to busy inquiries for shoes. Liberal use of printer's ink in Mr. Stevens' mind had brought this great sale into a certainty.

Prices Cut  
The prices had been cut. Shoes are selling at prices way below their original figures. Fine \$4 shoes are marked at \$3.25 and \$2. Cheaper shoes have similar reductions. Men's shoes are going like hot cakes. The buyers are not all women. Little odd slippers worth \$1 are marked at 25 cents and are rapidly diminishing in numbers. Rubber goods of standard makes are being sold so rapidly that the cashier can hardly record the purchase and the ring of her cash register is almost constant. There was hardly a place to sit down to try on the shoes. Women waited their turns in the chairs or sat on upturned shoe boxes.

Look, Then Buy  
People came in to look and then stand to buy. It is an eager, jostling crowd. The twenty odd clerks are rushing hither and yon trying to fit the customer. Ladies follow the ever increasing crowd in the front doors and then stop to buy. It is bargain day in the shoe business and wise buyers are laying a stock for future use.

In Stevens' Hands  
The sale is being conducted by G. F. Stevens of the firm of Stevens Bros. of Chicago. Mr. Stevens spends his entire time selling out just such stocks as he is now doing for the Maynard Shoe company. He knows his business and is a firm believer in advertising. His big display ad in the Gazette he believes is responsible for today's gigantic sale. Next week he will have more to say in the advertisements.

Wonderful Sale  
It is a wonderful sale in matter of prices and attendance. Twice the doors have been closed to allow the people inside a chance to be waited upon twice Mr. Stevens has hired prospective purchasers to act as clerks. Never before in the history of a sale in Jansville has a like one been conducted. The Maynard stock is one of the best in Jansville and Mr. Maynard has always been foremost in the shoe business of the city and his immense stock is the finest money could buy. His efficient clerks are doing yeoman service today and it is through their efforts that the many customers are able to secure the goods they want.

Carl Boehm has received \$1500 from the Chicago & North-Western railroad company for the death of his wife which took place at the grade crossing near the Milwaukee home on Center avenue. Mrs. Boehm met her death while driving home with her infant son. The little boy was injured, the wagon smashed and the horse killed. E. H. Ryan of this city was engaged by the plaintiff and the case was filed but the company later decided to pay out the above amount. Mr. Boehm has now brought suit for the injuries sustained by his son, for the value of the horse and rig and for expenses.

## NOVEL FEATURES WILL BE GIVEN

Jansville Fire Department Plans a  
Novel Entertainment Instead  
of Annual Dance.

On December 7th and 8th the members of the Jansville fire department have planned for a unique and novel entertainment to take place of their annual dance. They have engaged the opera house for these dates and will have a moving-picture show that will be worth going to see. On some date before this time a moving picture of the local department making a sensational run to an imaginary fire will be taken and will be part of the exhibit at the opera house.

Among other pictures that will be produced upon the screen for the fire boys' entertainment other than those of the local department, will be one of the Chicago department, depicting the life of a fireman. This picture in its complete form, shows the fireman sitting in front of a firehouse, when suddenly an alarm is sounded. You see the rush and break for the inside of the firehouse, to get to their respective places on the apparatus before going to the fire. The next picture shows them leaving the engine house; the mad dash out of doors; and the most realistic fire run ever shown on canvas. Twenty-eight pieces of fire fighting machines madly rushing and plunging down a thoroughfare on the way to the fire; exciting races between rival companies; the men putting on their coats and fire hats; the drivers lashing their horses. It is indeed a great and inspiring scene.

Pictures of other large fire department scenes, such as Denver, Milwaukee, Joliet, Louisville and Memphis. The performance will be intermingled with humorous moving pictures, and fine scenery from all parts of the world; also illustrated songs and vaudeville, making on the whole an enjoyable evening's entertainment as the citizens of Jansville will have the opportunity of seeing this winter.

Rev. J. T. Henderson will address the men of the Y. M. C. A. tomorrow at 3 o'clock. This afternoon hour is of great importance to the men of Jansville. Your presence, interest and cooperation in the work will be appreciated. Remember the hour, from 3 to 4 p. m. Subject, Religion in Daily Living. Every man is urged to bring a friend.

## TWILIGHT CLUB'S NEXT MEETING

WISCONSIN RAILWAY RATES, THE  
SUBJECT CHOSEN.

### WILL BE INTERESTING EVENING

The Topic Is Divided Into Four Parts  
and Promises Much Discussion.

On Tuesday evening next the Twilight club will have one of the most interesting evenings on its winter program as planned. The topic of Wisconsin Railway Rates is most timely and the pros and cons of the question will be ably discussed by the gentlemen chosen for the speakers of the evening. True to the second principle of the club the thoughts will be spoken freely and sincerely.

Blodgett Leader  
Mr. Frank Blodgett who thoroughly understands the railway rates as they now exist, is the leader for the evening's most praiseworthy remarks and he has divided his subject into the following topics. First: Present conditions of railway rates. Second: Do present conditions require legislation? affirmative and negative. Third: Proposed legislation respecting railways. Fourth: Will the legislation proposed prove beneficial to the public?

Much Interest  
The subject has caused much discussion throughout the state and the arguments used at the meeting Tuesday will be more than interesting. The discussions are always full of interest and the sixth principle of the club, "For speech and debate members will not be questioned in any other place," only adds to the zest of the arguments and discussion which will follow Tuesday meeting.

Elks Meet Monday: Jansville Lodge, No. 254, B. P. O. Elks will meet to confer ranks and enjoy a social session at the K. of P. hall Monday evening.

From Justice Brewer, Supreme Court, U. S. A.  
"Wallace Bruce is one of the orators of the country." Mr. Bruce will lecture at the Congregational church Tuesday evening under the auspices of the Rock County Caledonian society.

### TESTIMONIAL

To Whom It May Concern:

This is to certify that I am now completely cured of a bad case of dandruff, itching of the head and falling out of the hair. Taking my case all around, I hardly think any one can have a much worse case than was mine. I tried a great many remedies, but nothing would give me the slightest satisfaction. The last thing I tried was "Wetmore's Improved Hair Tonic," and although I had little faith in it when I started, I can now cheerfully say that it certainly was the best thing that ever struck my head, as after having used the tonic for about three weeks my dandruff is completely cured, my head has not itched any more since the first application, and my hair has stopped falling out. Any one afflicted as I have been can positively make no mistake by using "Wetmore's Improved Hair Tonic." It's a "SURE THING." I am certainly greatly obliged to Mr. Wetmore for his cure and wish him the greatest success possible. OSCAR CHAS. MENTZMAN, Muscatine, Iowa.

### PRESS COMMENT.

Milwaukee Sentinel: If the Princess Radziwill gets that \$7,000,000 from the estate of Cecil Rhodes, Charles M. Schwab might show her where she could invest it.

Marquette Eagle-Star: An effective game law, for the protection of hunters, would require the painting of every deer, so that they could not be mistaken for a man.

Racine Journal: American labor is free labor as is the great American republic supposed to be free. But proceedings in many places would indicate that neither labor nor employees are free agents.

Fond du Lac Commonwealth: The La Croix judge, who promptly released a man that had punished a miserable being for insulting a lady, should have a life lease on the bench. The most contemptible creature on earth is the biped in the form of a man who stands around on the street corners, smokes cigarettes, squirts tobacco juice and makes remarks about women who are passing. The police do their best to rid the streets of this public nuisance, but they can't always be on hand; hence it ought to be an unwritten law that the punishment of such as these is to be commended at all times.

# The November Sale of Furs.

This store is strictly "in it" on furs. We know these fur values to be right. No trouble to convince you of this fact if you'll kindly investigate. Having bumped up against the best fur garments in this country, we know what we are talking about when we say that our jackets and capes stand at the head for quality and reliability. If we sell an Electric or Nearseal Jacket we are not afraid to face a customer the following winter on account of its having proved unsatisfactory. Our jackets are all made with heavy satin lining. **SOME OF THEM—**

## NOVEMBER AND OUTER GARMENTS.

November is the month for garment selling—coats, suits, separate skirts. Never before has this shop made such a showing. Styles, varieties, materials, fit, finish and price all appeal to you. A detailed description of the many garments we show would fill this page. We show a complete line of sizes and a wonderful variety of styles in all prices from \$5.00 to \$45.00. It is a remarkable showing to be found in a city of Janesville's size. People who have been to Chicago and Milwaukee have returned to "The Big Store" to buy. We have been receiving shipments of Winter Garments almost every day since October 1st, and were never better prepared to do an immense garment business. You can make no mistake by coming here before you buy.

**Regarding Suits**—We have an assortment great enough to suit most any one. Our values are exceptional. Suit business has been very satisfactory this fall. No doubt the radical change in styles between spring and fall suits has much to do with the active movement of suits. Almost every lady has to have a new one. No woman having her best interests at heart can afford to pass our great stock.

**Furs**—No time in our history could we show you such an extensive variety of fur collars, scarfs, hoods, muffs and children's sets. We probably show 1000 separate pieces in every desirable skin.

## Don Almo Reigns Supreme!

**W**ITHOUT a doubt the Don Almo Cigar has come to stay--It will have a long and prosperous reign over all 10c cigars. This fact is evident for Don Almo has been hailed with delight by all lovers of the fragrant weed, and crowned king of all clear Havanas.

Owing to the fact that the Don Almo Cigar met with great and immediate popularity, it was necessary for the manufacturers to rush the orders, which numbered over 15,000 the first two weeks. Consequently some of the cigars sent out were a little green. However, arrangements have been made to meet the enormous and increasing demand for the Don Almo, and no further trouble should be experienced in getting hold of green cigars. A carload of the choicest Havana Tobacco has just been received and as it has been put through a special sweating process, no complaint can hereafter be made of obtaining green stock.

At All Cigar Stands. 10c to 20c Sizes.
